<b>Submission of Research report:</b>	Only by e-mail <sup>4</sup>
---------------------------------------	-----------------------------

<b>Submission of invoice (bank transfer prepayment):</b>	Only by e-mail
--	----------------

**Information on the execution of the order:**

1. The Laboratory is not responsible for the collection and transport of the samples for analysis.
2. Detection of beeswax adulteration is performed using FTIR-ATR technique (Attenuated Total Reflectance Fourier Transform Infrared Spectroscopy).
3. The uncertainty of the method for detection of beeswax adulteration with stearin and paraffin, is estimated at 2.0% and 3.5%, respectively.
4. The digital version of the Research report (PDF) is authorized with a trusted electronic signature.
5. Laboratory guarantees impartiality and confidentiality of research results as well as information received from the customer.
6. Order processing time is up to 5 working days (from the date of sample receipt). Analysis time may be longer only if agreed with the client.
7. If the number of samples exceeds 10 samples, please complete the next Order form.
8. The cost of analysis of one sample is 50 euro (net price).
9. Payment condition - prepayment to a bank account.
